Books. Love. Friendship. Second chances. All can be found at the Printed Letter Bookshop in the small, charming town of Winsome. One of Madeline Cullen's happiest childhood memories is of working with her Aunt Maddie in the quaint and cozy Printed Letter Bookshop. But by the time Madeline inherits the shop nearly twenty years later, family troubles and her own bitter losses have hardened Madeline's heart toward her once-

treasured aunt—and the now struggling bookshop left in her care. While Madeline intends to sell the shop as quickly as possible, the Printed Letter's two employees have other ideas. Reeling from a recent divorce, Janet finds sanctuary within the books and the decadent window displays she creates. Claire, though quieter than her outspoken colleague, feels equally drawn to the daily rhythms of the shop and has found a renewed sense of purpose within its walls. When Madeline's professional life falls apart, and a handsome gardener upends her life, she questions her plans

and her future. Has she been too quick to dismiss her aunt's beloved shop? And even if she has, the women's best efforts to save it may be too little, too late. NEW YORK TIMES BESTSELLER • The unapologetic, laugh-your-ass-off military memoir both vets and civilians have been waiting for, from a five-tour Army Ranger turned YouTube phenomenon and zealous advocate for veterans Members of the military's special operations branches share a closely guarded secret: They love their jobs. They relish the opportunity to fight. They are thankful for it, even, and hopeful that maybe, possibly, they'll also get to kill a bunch of bad guys while they're at it. You don't necessarily need to thank them for their service—the pleasure is all theirs. In this hilarious and personal memoir, readers ride shotgun alongside former Army Ranger and private military contractor and current social media phenomenon Mat Best, into the action and its aftermath, both abroad and at home. From surviving a skin infection in the swampy armpit of America (aka Columbus, Georgia) to kicking down doors on the outskirts of Ramadi, from blowing up a truck full of enemy combatants to witnessing the effects of a suicide bombing right in front of

your face, Thank You for My Service gives readers who love America and love the good guys fresh insight into what it's really like inside the minds of the men and women on the front lines. It's also a sobering yet steadying glimpse at life for veterans after the fighting stops, when the enemy becomes self-doubt or despair and you begin to wonder why anyone should be thanking you for anything, least of all your service. How do you keep going when something you love turns you into somebody you hate? For veterans and their friends and families, Thank You for My Service will offer comfort, in the form of a million laughs, and counsel, as a blueprint for what to do after the war ends and the real fight begins. And for civilians, this is the insider account of military life you won't find anywhere else, told with equal amounts of heart and balls. It's Deadpool meets Captain America, except one went to business school and one went to therapy, and it's anyone's guess which is which.

Jeff Strickland tells the powerful story of Nicholas

Kelly, the enslaved craftsman who led the Charleston Workhouse Slave Rebellion, the largest slave revolt in the history of the antebellum American South. With two accomplices, some sledgehammers, and pickaxes, Nicholas risked his life and helped thirty-six fellow enslaved people escape the workhouse where they had been sent by their enslavers to be tortured. While Nat Turner, Gabriel Prosser, and Denmark Vesey remain the most recognizable rebels, the pivotal role of Nicholas Kelly is often forgotten. All for Liberty centers his rebellion as a decisive moment leading up to the secession of South Carolina from the United States in 1861. This compelling micro-history navigates between Nicholas's story and the Age of Atlantic Revolutions, while also considering the parallels between race and incarceration in the nineteenth century and in modern America. Never before has the story of Nicholas Kelly been so eloquently told.

He has been called the

greatest surgeon of the 20th century. The son of Lebanese immigrants, Michael DeBakey rose from humble beginnings in a backwater Louisiana town to dominate the landscape of modern medicine. His contributions to our understanding and treatment of cardiovascular disease, in particular, were innumerable and epoch-making. DeBakey led a life of high drama, from the streets of Jazz Age New Orleans and the operating theaters of pre-war Europe, to the battlefields of World War II and the floodwaters of Hurricane Katrina. An advisor to Presidents, a health care statesman, and a physician to royalty and commoner alike, he helped build Houston's Texas Medical Center into a jewel of the medical world. Yet DeBakey's own family paid a tremendous cost for his commitment to his fellow man. Buoyed by unique access to primary resources, *A Time for All Things: The Life of Michael E. DeBakey* is the first to tell the remarkable story of a driven genius who led a scientific and therapeutic revolution in all its dramatic depth. [All for Liberty](#) Houghton Mifflin Harcourt
