While Photoshop and Procreate, which have always been trendy art mediums, are continuing to grow in popularity, undertaking digital art can be intimidating for many: fortunately, beloved artist Sara Tepes has used her self-taught knowledge and understanding of common struggles artists face to create the ultimate beginners' handbook for Photoshop and Procreate. With step-by-step images that are easy for readers to follow, and through various in-depth projects covering the full spectrum from composition and lighting, painting hair and eyes, to skin tone and fabrics, readers—be they art novices or simply new to digital forms—will soon be amazed at how quickly their skills flourish. What is more, total beginners and artists looking to transition from traditional mediums will be given a comprehensive overview on brush types, sketching on the digital canvas and working with layers. Sara also includes a downloadable digital package of brushes and color palettes created specially for this book, so readers can easily follow along with her tutorials. With The Beginner's Guide to Digital Painting readers will demystify the digital creation process, and gain the fundamental skills to take their art to dizzying heights.

GIMP for Absolute Beginners gives us an easy way to use the power of GIMP, and enjoy digital photography and graphics without worrying about application features. GIMP is a powerful open source graphics and digital imaging application with almost all the features of its proprietary counterpart, Photoshop. But many of us are photographers and artists first, and we like to use our tools without having to think about them too much. GIMP for Absolute Beginners gets us to this stage without patronising users who haven't used GIMP before. But what can we actually do with photos and graphical images? These questions are answered in a photo projects chapter as well as a chapter on digital painting: Starting with making small changes to photos and adding information to them to creating paintings and drawings without photographic input. GIMP for Absolute Beginners covers the newest version of GIMP, version 2.8, so you can be sure the book covers the latest GIMP features. **The print version of this book is black & white, but the ebook version is in color on color-enabled devices. **
