The Westminster Confession of Faith is a Reformed confession of faith, in the Calvinist theological tradition. Although drawn up by the 1646 Westminster Assembly, largely of the Church of England, it became and remains the 'subordinate standard' of doctrine in the Church of Scotland, and has been influential within Presbyterian churches worldwide.

*How Shall We Revise the Westminster Confession of Faith?* The Shorter Catechism with Scripture Proofs  
This volume is the original 1647 version of the Westminster Confession of Faith, and its subordinate documents which comprise the Solemn League and Covenant, the Larger and Shorter Catechisms, the Form of Presbyterial Church Government, and the directories for Public and Private Worship. Also included is the Sum of Saving Knowledge as well

as a topical index to all the documents. The Confession and Larger and shorter Catechism are proved by Scripture using the Authorized Version (the King James) as published in 1647 by the Assembly. Some years later, in 1652, the Larger and Shorter Catechism were also published as proved by the KJV version of Scripture. The 1647 Westminster Confession of Faith is the most precise and theologically rich confession produced by the Christian Church. Though the Christian Church takes the whole Word of God alone as her only rule of faith, she must also frame and promote a statement of what she understands the Word of God to teach. Thus, the church of Jesus Christ, in contending for the faith once delivered to the saints, should rely on the BEST confession available. This is it! This work is not a scan or facsimile, has been carefully transcribed by hand being made easy to read, and has an active table of contents for electronic versions.

The Westminster Confession is a foundational document for

countless churches worldwide. Churches of all sizes claim it as their confession, and hold to it with varying degrees of closeness. However, how many people actually have any real knowledge of the Confession or feel it is only of relevance to their church leaders? Joey Pipa's study book is the ideal tool for all Christians who seek to gain a better understanding of their faith through exploring an integral cornerstone of Reformed Christianity. Pipa has produced an accessible, user-friendly study aid, which illuminates the Westminster Confession for all Christians, showing it is not just a document for intellectual theologians, but is as relevant in our own lives today, as when it was written. Also includes The Westminster Confession of Faith, The Larger Catechism, The Shorter Catechism, The Belgic Confession, The Heidelberg Catechism and the Canons of Dordt

**The Westminster Confession: A Commentary** Wentworth Press

The Westminster Confession of Faith is one of the most comprehensive and yet accessible confessional

documents that has ever been produced, with thirty three chapters spanning theological and practical subjects from the doctrine of the Trinity and God's decrees to civil matters like marriage and the civil magistrate. After more than 370 years, it remains the gold-standard of Reformed faith and practice, held by Presbyterian churches around the world, firmly rooted upon the Scriptures, and helpfully summarising the whole counsel of God, in order that the church may confess and unite around the truth as well as be protected from a multitude of error. This book is the result of a project by the pastors and elders of Pilgrim Covenant Church to print a short weekly bulletin to be read publicly before our service of worship, going through each paragraph of the Confession and giving a simple and devotional explanation, in order to acquaint the regular churchgoer with the faith that we hold and confess together.

The aim of this book is no less than to provide an account of the unfolding of the mind of God in

history, through the successive agents of his special revelation. Vos handles this under three main divisions: the Mosaic epoch of revelation, the prophetic epoch of revelation, and the New Testament. Such an historical approach is not meant to supplant the work of the systematic theologian; nevertheless, the Christian gospel is inextricably bound up with history, and the biblical theologian thus seeks to highlight uniqueness of each biblical document in that succession. The rich variety of Scripture is discovered anew as the progressive development of biblical themes is explicated. To read these pages--the fruit of Vos' 39 years of teaching biblical theology at Princeton - is to appreciate the late John Murray's suggestion that Geerhardus Vos was the most incisive exegete in the English-speaking world of the twentieth century.

Furthermore, confessions and creeds serve to help assure that the doctrinal faith that we articulate today has not subtly changed over time, subject to the warping influence of secular society. Creeds stand as

ancient landmarks denoting the "location" of believers' hearts in history. Noting where one deviates from an ancient creed gives a person a distinct idea about where his or her own theological convictions stand in relation to other believers throughout history. Perhaps this also helps us to discover what direction we are moving. Are we moving closer to Christ? To God's Word? To the heart of God Himself? Or are we moving further away? The confession that I will be recommending to you in this volume is the standard-bearing creed in the Presbyterian or Reformed branch of Christianity. Influenced heavily by the thinking of Reformation theologian John Calvin (1509-1564), the Westminster Confession (1647) is a confessional exemplar of Reformed theology.<sup>2</sup> The Westminster Confession of Faith is the premiere example of theological intellectualism absorbed in the beauty of the sovereignty of God. The Westminster Confession, and Calvin before it for that matter, were both completely committed to the theological concept that God is sovereign over the entire universe. Therefore, as you study

this Confession you will undoubtedly encounter the Living God as ruler of the cosmos, the world, the events of your life, and hopefully your heart.

This accessible, biblical, and thoughtful work digests years of study and teaching into bite-sized sections. Van Dixhoorn's work is historical and practical in its focus. It deliberately presents readers with more than another survey of Reformed theology; it offers a guide to a particular text, considers its original proof-texts, and seeks to deepen our understanding of each paragraph of the Confession.

In the opening chapter of

the Confession, the divines of Westminster included a clause that implied that there would no longer be any special immediate revelation from God. Means by which God had once communicated the divine will, such as dreams, visions, and the miraculous gifts of the Spirit, were said to be no longer available. However, many of the authors of the WCF accepted that prophecy continued in their time, and a number of them apparently believed that disclosure of God's will through dreams, visions, and angelic communication remained possible. How is the cessationist clause of WCF 1:1 to be read in the light of these claims? This book reconciles this paradox in a detailed study of the writings of the authors of the Westminster Confession of Faith. *Westminster Confession of Faith* Wipf and Stock Publishers  
What Do the Five Points of Calvinism Really Mean? Many have heard of Reformed theology, but may not be certain what it is. Some references to it have been positive, some negative. It appears to be important, and they'd like to know more about it.

But they want a full, understandable explanation, not a simplistic one. What Is Reformed Theology? is an accessible introduction to beliefs that have been immensely influential in

the evangelical church. In this insightful book, R. C. Sproul walks readers through the foundations of the Reformed doctrine and explains how the Reformed belief is

centered on God, based on God's Word, and committed to faith in Jesus Christ. Sproul explains the five points of Reformed theology and makes plain the reality of God's amazing grace.
